## INFORMATION ON COSTS AND FEES FOR TRADING IN SECURITIES

### 1. Securities trading via Broker:

SpareBank 1 Markets AS ("SpareBank 1 Markets") remuneration in the form of brokerage, exchange rate difference, subscription commission or other, possibly with the addition of fees related to trading and clearing etc. will be subject to individual determination.

Brokerage is a remuneration that is added or deducted from the value of the financial instruments that the client buys or sell. Brokerage is normally stated as a percentage. Up to a certain investment amount, the client normally pays a minimum commission. For certain financial instruments, typically in the fixed income market, brokerage is not charged, but a price difference "spread", i.e. the difference between purchases and the selling price. Spread will depend on the market conditions and the type of financial instrument traded.
